

Project Backlog Document

We have implemented all the modules of the Project namely

- User Authentication Module
- Profile Module
- Activity booking Module
- Party Booking Module
- Billing Module
- Transaction Module
- System Administrator Module
- My bookings Module

All the issues of each and every sprint is implemented and hence closed. Final Testing of the App is completed and App is ready to be deployed by the client for managing their Centre's bookings.

The screenshot displays the GitLab web interface for a project named 'DASS2k23-Team...'. The main focus is on a 'Sprint 5' milestone, which is marked as 'Closed' and spans from March 12 to March 26, 2023. The milestone ID is 3002651. The page layout includes a left sidebar with navigation links, a central content area with a 'Detailed Design' section, and a right sidebar showing progress metrics. A modal window is open, prompting the user to 'Upgrade your plan to improve milestones with Burndown Charts'. Below this, there are sections for 'Issues', 'Merge requests', 'Participants', and 'Labels'. The 'Issues' section is further divided into 'Unstarted Issues (open and unassigned)', 'Ongoing Issues (open and assigned)', and 'Completed Issues (closed)'. The 'Completed Issues' list includes items like 'Payment : Transaction Module', 'Payment : Billing Module', 'Booking : Party Booking', and 'Booking : Activity Booking', each with a status label (Future, user Development, Backlog). The right sidebar shows a '100% complete' status, a 'Start date' of 'Mar 12, 2023', and a 'Due date' of 'Mar 26, 2023 (Past due)'. It also displays 'Issues' with '4' open and '0' closed, and 'Time tracking' with 'No estimate or time spent'.

Upgrade your plan to improve milestones with Burndown Charts.

Burndown Charts are visual representations of the progress of completing a milestone. At a glance, you see the current state for the completion a given milestone. Without them, you would have to organize the data from the milestone and plot it yourself to have the same sense of progress. [Read more](#)
